

**GIVE A
LITTLE**

COURTESY CANCER CENTER OF S.B.

🎗️ The **Cancer Center of S.B.** is a nonprofit cancer treatment center that has provided high-quality medical care, research, counseling and support, among a wide range of other services, to thousands of S.B. residents for more than 60 years. Since 1949, the group has never refused treatment to anyone for any reason, including lack of health insurance or inability to pay. The nonprofit is asking for monetary donations to continue providing its services and is always looking for volunteers to assist with a number of different tasks. All donations are tax deductible. Visit ccsb.org for more info.
